

EDGE RESOURCES

Edge for Scholars mission is to empower biomedical researchers to innovate, create, mentor, and make enduring contributions.

EDGE ARTICLES offers opportunities to strategize, do research, get grants, negotiate for resources, refine writing, cultivate leadership skills, & achieve goals.

EDGE LIBRARY curates a collection of books for career development.

EDGE REVIEWS simulate NIH internal study section in advance of the major NIH cycles, reviewing all types of R, K, & F grants.

EFS Career Development Seminars for pre-doc, post-doc, and early career faculty.

FLIGHT CONNECTOR connects Vanderbilt researchers across interests & knowledge

FLIGHT TRACKER automates tracking & analysis of career outcomes, including publications, funding, training activities & other milestones.

FUNDED GRANTS LIBRARY curates examples of successful F, K, & R awards, including resubmissions & reviewer comments.

GRANT PACING WORKSHOPS help scholars maintain steady progress towards completion of an application.

GRANT WRITING 101 provides 6 weeks of self-paced instruction.

MANUSCRIPT SPRINTS encourages authors to press to completion of a manuscript.

MENTEE-MENTOR AGREEMENT uses an interactive online approach to initiate & revisit the important conversations for a solid mentee-mentor relationship.

MENTORSHIP TRAINING DIRECTORY provides a tool for directors of training mentors to complete & track their participation in formal mentor training.

OFFICE HOURS to discuss any topic related to working as an academic scientist with an Edge for Scholars program director.

R01 WRITING GROUP provides accountability, advice on specific aims, and a final push to finish your grant.
